- Worked with senior team members to develop project sections, test functionality, resolve issues, support operations, and contribute to project success through teamwork.

## SKILLS

Server Administration

Windows Server

Active Directory

User & Group Management

ARCON

VMWare

Storage Monitoring

Storage Administration

SAN

NAS

PowerStore

Unity

XtremIO

Netapp

## ACHIEVEMENTS

DR Drill Activity (03/2025 - 03/2025)

Contributed to a successful DR drill

Storage Movement (03/2025 - 03/2025)

Helped move storage systems between data centers with minimal disruption, ensuring smooth data migration

Storage Firmware Upgradation (02/2025 - 02/2025)

Worked with senior engineers and the support team to upgrade storage firmware, improving performance and reducing downtime.

PCMC - 94.75% (04/2017 - 04/2017)

Scored 94.75% in PCMC (HSC/PUC Board Exam)

Computer Science - 100/100 (04/2017 - 04/2017)

Scored 100/100 in Computer Science (HSC/PUC Board Exam)

## RESEARCH & PUBLICATIONS

Identification Of The Stages Of Chronic Renal Disease Using Machine Learning

IRJMETS, Volume:04, Issue:07, July-2022

## INTERNSHIPS

Impavid Technologies Internship (06/2023 - 09/2023)

Web Development Internship

Workfall Technical Content Creation Internship

(04/2023 - 06/2023)

Technical Content Creation Internship

LetsGrowMore Virtual Internship Program in Data Science (09/2021 - 10/2021)

Data Science Internship

## SOFT SKILLS

Communication

Problem-solving
